

YOU KNOW THAT WE HAVE SOME OF THE industry's leading SAP® specialists here at Titan. And you know that we work with medium-sized to Fortune 1000 companies throughout North America. But you may not know that deep down inside, hidden behind all of that SAP® expertise, we've got a little bit of Mouseketeer in us, too.

That's why we're so excited to be a Silver Sponsor of the 2007 SAP® Logistics and Supply Chain Management tradeshow in Kissimmee, Florida. It's going to be a great show, and of course, Orlando offers loads of ways to entertain yourself when you're not in a meeting or seminar. So grab your mouse ears and join us.

PLM 2007 and Manufacturing 2007 tradeshows will be held the same days in Orlando, Florida.
